

**FERPA – Family Educational Rights and Privacy Act**  
**STUDENT RECORDS AND RELEASE OF STUDENT INFORMATION**  
(NOTIFICATION TO PARENTS AND STUDENTS)

**Family Educational Rights and Privacy Act (FERPA)**

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 123g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U. S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Scott County Public Schools is not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Scott County Public Schools may charge a fee for copies. Scott County Public Schools charges \$0.75 a page to copy records. Scott County Public Schools does not charge a fee to copy records for a student with disabilities on the first request; however, if there are multiple requests to copy records, Scott County Public Schools will charge \$0.75 a page after the initial request.
- Parents or eligible students have the right to request that Scott County Public Schools correct records which they believe to be inaccurate or misleading. If Scott County Public Schools decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, Scott County Public Schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows Scott County Public Schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
  - School officials with legitimate educational interest;
  - Other schools to which a student is transferring;
  - Specified officials for audit or evaluation purposes;
  - Appropriate parties in connection with financial aid to a student;
  - Accrediting organizations;
  - To comply with a judicial order or lawfully issued subpoena;
  - Appropriate officials in cases of health and safety emergencies; and
  - State and local authorities, within a juvenile justice system, pursuant to specific State law.

**Directory Information**

Scott County Public Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, Scott County Public Schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Scott County Public Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school. Scott County Public Schools notification is in the student/parent handbook.

The superintendent also provides for notification of all school division personnel of policy and procedures for management of education records and notification of parents and students of their rights regarding student records, including the right to obtain, upon request, a copy of this policy.

Code § 16.1-260.G. contained in a notice received pursuant to Va. Code § 16.1-305.1 to school personnel responsible for the management of student records and to other relevant school personnel, including, but not limited to, the principal of the school in which the student is enrolled. The principal shall further disseminate such information to licensed instructional personnel and other school personnel who (1) provide direct educational and support services to the student and (2) have a legitimate educational interest in such information.

Code § 16.1-260 was based and the reasons therefor. The parent or guardian shall also be notified of his or her right to review, and to request an amendment of, the student's scholastic record.

Every notice of adjudication of delinquency or conviction for an offense listed in subsection G of Va. Code § 16.1-260 received by a superintendent, and information contained in the notice, which is not a disciplinary record as defined in Board of Education regulations, shall be maintained by him and by any others to whom he disseminates it, separately from all other records concerning the student. However, if the school administrators or the School Board takes disciplinary action against a student based upon an incident which formed the basis for the adjudication of delinquency or conviction for an offense listed in subsection G of Va. Code § 16.1-260, the notice shall become a part of the student's disciplinary record.

#### Petitions and Reports

The superintendent shall not disclose information contained in or derived from a notice of petition received pursuant to Va. Code § 16.1-260 or report received pursuant to Va. Code § 66-25.2:1 except as follows:

- If the juvenile is not enrolled as a student in a public school in the division to which the notice or report was given, the superintendent shall promptly so notify the intake officer of the juvenile court in which the petition was filed or the Director of the Department which sent the report and may forward the notice of petition or report to the superintendent of the division in which the juvenile is enrolled, if known.
- Prior to receipt of the notice of disposition in accordance with Va. Code § 16.1-305.1 the superintendent may disclose the fact of the filing of the petition and the nature of the offense to the principal of the school in which the student is enrolled if the superintendent believes that disclosure to school personnel is necessary to ensure the physical safety of the student, other students, or school personnel within the division. The principal may further disseminate the information regarding a petition, after the student has been taken into custody, whether or not the child has been released, only to those students and school personnel having direct contact with the student and need of the information to ensure physical safety or the appropriate educational placement or other educational services.
- If the superintendent believes that disclosure of information regarding a report received pursuant to Va. Code § 66-25.2:1 to school personnel is necessary to ensure the physical safety of the student, other students, or school personnel, he may disclose the information to the principal of the school in which the student is enrolled. The principal may further disseminate the information regarding such report only to school personnel as necessary to protect the student, the subject or subjects of the danger, other students, or school personnel.

Further, parents have the right to a response from the school division to reasonable requests for explanations and interpretations of the education record.

Parents or eligible students should submit to the student's school principal a written request which identifies as precisely as possible the record or records he or she wishes to inspect.

The principal (or appropriate school official) will make the needed arrangements for access as promptly as possible and notify the parent or eligible student of the time and place where the records may be inspected.

When a record contains information about students other than a parent's child or the eligible student, the parent or eligible student may not inspect and review the portion of the record which pertains to other students.

#### Copies of Education Records

Scott County Public Schools will not provide a parent or eligible student a copy of the student's education record unless failure to do so would effectively prevent the parent or eligible student from exercising the right to inspect and review the records.

#### Military Recruiters and Institutions of Higher Learning

Scott County Public Schools will provide, on request made by military recruiters or an institution of higher education, access to secondary school students' names, addresses, and telephone listings.

A secondary school student or the parent of the student may request that the student's name, address, and telephone listing not be released without prior written parental consent. The school division will notify parents of the option to make a request and will comply with any request.

The school division will provide military recruiters the same access to secondary school students as is provided generally to post-secondary educational institutions or to prospective employers of those students.

#### Record of Disclosure

Scott County Public Schools maintains a record, kept with the education records of each student, indicating all individuals (except school officials who have a legitimate educational interest in the records), agencies, or organizations which request or obtain access to a student's education records. The record will indicate specifically the legitimate interest the party had in obtaining the information. The record of access will be available only to parents, to the school official and his assistants who are responsible for the custody of such records, and to persons or organizations which audit the operation of the system.

The requirements related to records of disclosure stated above do not apply to disclosures made pursuant to an ex parte order issued by a court at the request of the United States Attorney General (or any federal officer or employee, in a position not lower than an Assistant Attorney General, designated by the Attorney General) seeking to collect education records relevant to an authorized investigation or prosecution of international terrorism as defined in 18 U.S.C. § 2331 or other acts listed in 18 U.S.C. § 2332b(g)(5)(B).

Personal information will only be transferred to a third party on the condition that such party will not permit any other party to have access to such information without the written consent of the parents of the student. If a third party permits access to information, or fails to destroy information, the division will not permit access to information from education records to that third party for a period of at least five years.

#### Directory Information

The Scott County School Board shall notify parents and eligible students at the beginning of each school year what information, if any, it has designated as directory information, the right to refuse to let the division designate any or all of such information as directory information, and the period of time to notify the division, in writing, that he or she does not want any or all of those types of information designated as directory information. The notice may specify that disclosure of directory information will be limited to specific parties, for specific purposes, or both. If the School Board specifies that disclosure of directory information will be so limited, the disclosures of directory information will be limited to those specified in the public notice.

Parents and eligible students may not use the right to opt out of directory information disclosures to 1) prevent disclosure of the student's name, identifier, or institutional email address in a class in which the student is enrolled; or 2) prevent an educational agency or institution from requiring the student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information designated as directory information and that has been properly designated as directory information.

In so doing, they should identify the part of the record they want changed and specify why they believe it is inaccurate, misleading or in violation of the student's privacy or other rights. SCOTT COUNTY Public Schools shall decide whether to amend the record in accordance with the request within a reasonable period of time. If it decides not to comply, the school division shall notify the parents or eligible student of the decision and advise them of their right to a hearing to challenge the information believed to be inaccurate, misleading, or in violation of the student's rights.
2. Upon request, Scott County Public Schools shall arrange for a hearing, and notify the parents or eligible student, reasonably in advance, of the date, place, and time of the hearing. The hearing shall be held within a reasonable period of time after the request.
3. The parent or eligible student may, at his or her own expense, be assisted or represented by one or more individuals of his or her own choice, including an attorney.

- The parents or eligible student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records in accordance with FERPA.
5. Scott County Public Schools shall prepare a written decision which will include a summary of the evidence presented and the reasons for the decision within a reasonable period of time after the hearing. The decision will be based solely on the evidence presented at the hearing.
  6. If Scott County Public Schools decides that the information is inaccurate, misleading, or in violation of the student's right of privacy, it shall amend (including expungement) the record and notify the parents or eligible student, in writing, that the record has been amended.
  7. If Scott County Public Schools decides that the challenged information is not inaccurate, misleading, or in violation of the student's right of privacy, it will notify the parents or eligible student that they have a right to place in the record a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the decision. The statement will be maintained as part of the student's education records as long as the contested portion is maintained and disclosed whenever the school division discloses the portion of the record to which the statement relates.
